**NOTE.**—Copies of this leaflet can be obtained on request at any Post Office. A copy of each further issue will be sent free of charge to any address on publication if application is made at a Head Post Office.

Air Mail correspondence may be posted at any Post Office, or in any ordinary posting box, or in a special blue Air Mail box, where one is available.

### I.—LETTER AIR MAILS.

1. Any kind of letter packet may be sent by Air Mail, including small packets for those countries which participate in the small packet service (*see* Post Office Guide), but printed papers, commercial papers, samples and small packets must be prepaid at the rates for letters, except where otherwise indicated in the tables on pages 5, 8, 9 and 10. The limits of size and maximum weight are the same as for similar correspondence sent by ordinary post. Air Mail letters can be accepted for registration, but insurance is limited to letters and boxes for Holland and Switzerland. The ordinary arrangements for express delivery and the use of the green label system (for articles liable to Customs duty) apply.

2. A special blue Air Mail label must be affixed to the top left-hand corner of every Air Mail packet. These labels may be obtained free of charge at any Post Office. Letters bearing a manuscript indication "By Air Mail" will be accepted, but the absence of an Air Mail label may lead to delay.

3. Stamps to the full value of the postage (*see* pages 3-5, 8-10) must be affixed at the top right-hand corner of the address side of the envelope. Special attention is drawn to the fact that the rates of postage for letters for countries outside Europe are for a weight of half an ounce.

A letter containing more than the ordinary double sheet of notepaper is likely to be over half an ounce in weight.

4. Air Mail correspondence for H.M. ships abroad addressed "c/o G.P.O. London" is accepted for transmission by any available air mail service offering acceleration at a flat rate of air postage of 6d. per ½ oz. (postcards 3d.). Air Mail correspondence for H.M. ships abroad if addressed definitely to a port must be prepaid at the air postage rate shown in the leaflet as applicable to the country in which the port is situated. In either case a blue air mail label must be affixed.

5. Particulars of the letter air mail services available are given on pages 3-5, 8-10. For latest times of posting apply at the local Head Post Office.

6. Correspondence can be sent by Air Mail, if the sender so desires, to countries not directly served by the letter air services shown in this leaflet upon prepayment of the air postage, as shown on pages 3-5, 8-10, to the country through which the correspondence is to be forwarded. Correspondence sent by this means must be superscribed to indicate the poster's intention, e.g., "By Air to Karachi."

7. Messages intended for delivery as Air Mail Letters may be telephoned to most Head Post Offices, the Central Telegraph Office in London and also to Croydon Aerodrome Post Office in order to catch an outgoing Air Mail.

### II.—PARCEL AIR MAILS.

8. The General Regulations of the Imperial and Foreign Parcel Post apply, e.g., as regards maximum weight and dimensions, Customs Declarations and Despatch Notes, Supplemental services, Compensation, etc.—on which points *see* the Post Office Guide. Air parcels cannot, however, be insured except in the case of those for Holland and Switzerland.

9. Accepting Offices.—Air parcels may be posted at any Post Office which accepts parcels for places abroad. Air parcels exceeding 15 lb. in weight are accepted at the same Offices and under the same conditions as similar parcels for transmission by ordinary post.

10. A special blue Air Mail label must be affixed close to the address label of the parcel (close to each address if the parcel is addressed in more than one place) and to the relative Despatch Note if there is one and, in the case of Cash on Delivery parcels, to the Trade Charge card. The words "Air Mail" should also be written conspicuously on the cover of the parcel. The sender must also prepay, in the usual way, the appropriate rate of postage as shown on pages 11 and 12.

11. In addition to rapid transit by air service, an air parcel is usually given speedy Customs clearance abroad. It is important, in order that these advantages may not be thrown away, that the relative Despatch Notes and Customs Declarations should be very carefully completed in accordance with the general regulations.

12. Particulars of the air parcel services available are given on pages 11 and 12. For latest times of posting apply at the local Head Post Office.

## LETTER AIR MAILS.

### EUROPEAN COUNTRIES.

#### RATES OF POSTAGE: LETTERS—FIRST OUNCE 4d., EACH ADDITIONAL OUNCE 3d., POSTCARDS 2½d.

NOTE.—Letters and postcards for DENMARK, SWEDEN, NORWAY and FINLAND prepaid at the international postage rates, viz., Letters, 2½d. for the first ounce and 1½d. for each additional ounce; Postcards, 1½d., are despatched each weekday by surface or air transport, whichever offers the quickest delivery. The payment of air postage on letters and postcards for these countries is unnecessary; no air mail label or other special marking is required, and the letters and postcards should be posted in the ordinary and not the blue letter boxes.
