## CORRECTIONS TO THE IMPERIAL AND FOREIGN AIR MAIL LEAFLET, MAY 1946 EDITION.

The corrections shown below are additional to those published in Supplement No. 1.

The frequency of the various air mail services can be ascertained by reference to the column *Times of Posting* and the whole of the entries in the columns headed *Frequency of Service* in Sections II and III of the Air Mail Leaflet should be regarded as cancelled.

Air mail correspondence for Liberia is now accepted for transmission via Lisbon and thence by direct air service. Letters intended for transmission by this route should be superscribed *Via Lisbon* and prepaid at the rate of 1s. 9d. per half ounce, postcards 10d. The existing service at 1s. 3d. per half ounce (postcards 7d.) will remain available, but the service via Lisbon will offer advantage in time of transmission. Sixpenny air letters for Liberia will be forwarded by the quicker route via Lisbon and no special superscription is required.

Air Mail correspondence for Austria is now accepted up to a maximum weight of 1 lb. and may be registered.
