

IMPORTANT ANNOUNCEMENT

THE SURCHARGE AIR MAIL SERVICES TO ICELAND AND POLAND (see foot of page 5) HAVE NOW BEEN ABOLISHED.

ICELAND is included in the European All-up Service.

POLAND is also included in the European All-up Service except that there is no air transmission for letters over 2oz., in weight.

OVERSEAS AIR MAILS

G.P.O. LONDON, E.C.1

GENERAL INFORMATION

SPECIAL NOTICE

This issue of the leaflet has been delayed so that revised posting times resulting from the introduction of winter air services could be included in it. The air mail services are subject to alteration from time to time and particulars of any important changes which may occur before the issue of the next leaflet may be obtained on enquiry at a post office.

EUROPEAN ALL-UP SERVICE

(To European countries except Iceland and Poland)

All letters (including letter packets) and postcards are sent by air as the normal means of transmission whenever this will result in earlier delivery (see page 5). The regulations regarding surface mails published in the Post Office Guide are applicable. Air mail labels should *not* be used.

Literature for the Blind up to 2 lb. in weight (prepaid ½d.) is also dealt with under this arrangement. Other categories of second class mail are sent by surface routes unless prepaid at the letter rates of postage.

SURCHARGE AIR MAIL SERVICES

(To countries outside Europe, and Iceland and Poland)
Air Mail Label: A blue air mail label obtainable free of charge at any post office, must be affixed to each air mail item at the top left-hand corner on the address side; alternatively, the indication *By Air Mail* may be written boldly in the same position; but the absence of an air mail label may lead to delay.

Letters and Postcards: The regulations regarding surface mails apply. Where restrictions as regards limit of weight and registration facilities are in force, particulars are shown against the countries concerned on pages 2-5.

Air Letters: Air Letters, postage 6d., written on special Air Letter forms, may be sent to all countries outside Europe to which there are surcharge air mail services (see pages 2-4). Enclosures are not permitted. The special forms may be obtained at post offices. Privately manufactured forms may be used only if they bear an indication that they have been approved by the Postmaster General. Forms which do not bear such an indication will be treated as ordinary air mail letters.

Second Class Mail: Second class mail (including Small Packets to countries which admit them) may be sent by air to countries outside Europe at the rates shown in col. 4 on pages 2-4 (special rates apply to Literature for the Blind—see later). The minimum charge of 7½d. for Small Packets sent by surface route applies also to Small Packets sent by air.

Second class mail items must conform to the general regulations set out on pages 81 to 91 of the Post Office Guide. They must not contain anything in the nature of a current letter and **must not be sealed against inspection.** They must be clearly superscribed in the upper left-hand corner of the cover for the particular service intended, namely, *Printed Papers, Commercial Papers, Sample, "Blind" Literature or Small Packet*, as the case may be. (See below as regards Newspapers).

Second class mail, other than Literature for the Blind, cannot be sent by air at reduced rates to Iceland and Poland.

Newspapers (Publications registered as newspapers at the G.P.O.)—and these items **only**—may be sent at the special rates of postage shown in brackets in col. 4 on pages 2-4. Such items must be clearly superscribed "*Newspapers*".

Literature for the Blind may be sent by air to countries outside Europe and to Iceland and Poland at the special standard postage rate of 3d. for each 2 ounces.

AIR PARCELS

Parcels may be sent by air at the postage rates indicated in col. 5, pages 2-4 (countries outside Europe) and on page 6 (Europe). Where no postage rate is shown on pages 2-4 there is no service at present. The general regulations applicable to ordinary surface parcels, as regards maximum weight and dimensions, customs declarations, despatch notes, compensation and so on, apply to air parcels. Except that air parcels cannot be accepted for insurance, the same supplemental services as for surface parcels are available. (For details, see Post Office Guide). A blue air mail label must be affixed close to the address (or to each address if the parcel is addressed in more than one place), to the relative despatch note if one is used and to the trade charge card for C.O.D. parcels. In addition to the acceleration afforded by air conveyance, air parcels are usually given speedy customs clearance abroad. The information given in cols. 7 and 8 on pages 2-4 is not applicable to air parcels, but col. 8 gives some guidance to the likely transmission times.

INSURED LETTERS AND BOXES BY AIR MAIL

Insured letters and boxes may be sent by air to those countries outside Europe against which an indication appears in col. 6 on pages 2-4. They are subject to the general regulations for insured letters and boxes set out on pages 112-115 of the Post Office Guide and the maximum amounts of insured value are the same as those applicable to the surface route. The normal insurance fees are payable in addition to the letter air postage rate in the case of insured letters, and in addition to the second class air postage rate in the case of insured boxes. Insured boxes sent by air are subject to the same minimum charge as insured boxes sent by surface route, viz., 1s. 3d. plus the insurance fee.

POSTING TIMES

The latest times of posting shown in this leaflet are those applicable to unregistered correspondence posted at the London Chief Office, King Edward St., E.C.1., and are closely related to the despatch of the mails. The latest posting times elsewhere, which in general are earlier than the London Chief Office times, can be ascertained by inquiry at the local Head or Branch post office. At certain post offices in Scotland, the latest times of posting for some destinations may be later than at the London Chief Office because Scottish air mails for these destinations are despatched by air from Prestwick.

TIMES OF TRANSMISSION

A guide to the times of transmission of air mails from London to the principal cities of countries outside Europe is given in col. 8 on pages 2-4. The times shown do not allow for intervals between arrival and delivery in the country of destination. No guarantee can be given that the times shown will invariably be achieved.

SERVICES TO H.M. FORCES

Special air mail rates, particulars of which are given in a special leaflet (PL89) obtainable at all post offices, apply to correspondence for members of H.M. Forces overseas (but **not** Merchant Navy personnel).

SURCHARGE AIR MAIL SERVICES TO COUNTRIES OUTSIDE EUROPE

The general conditions applicable to surcharge air mail services are given on page 1
