SOUTH AFRICAN MAIL

ALL your letters, letter packets and postcards for:—

ANGLO-EGYPTIAN SUDAN	MAURITIUS
UGANDA	NYASALAND
KENYA	NORTHERN RHODESIA
TANGANYIKA	SOUTHERN RHODESIA
ZANZIBAR	UNION OF SOUTH AFRICA

ARE NOW SENT BY AIR

This is the first step in the scheme for providing faster and more frequent services on the Empire air routes for all letters, letter packets and postcards.

All other classes of correspondence, namely, printed papers, commercial papers, samples, etc., for these countries will continue to be sent by surface transport.

* **NEW RATES OF POSTAGE**

LETTERS. The new rate for letters and letter packets for these countries is 1½d. per half ounce (instead of the former rate of 1½d. for the first ounce and 1d. for each subsequent ounce). By the use of lightweight stationery most letters can be reduced in weight to less than half an ounce.

POSTCARDS. Postage on postcards remains unchanged at 1d.

There will be no change in the postage rates on other classes of correspondence, namely, printed papers, commercial papers, samples, etc., which will continue to be sent by the land and sea route.

TIMES OF TRANSMISSION

There will normally be a saving in time as compared with surface transport of about a fortnight to East Africa, and a week to South Africa.

* **EVERY DAY IS MAIL DAY**

There will be three despatches each week to East Africa and two despatches each week to South Africa, compared with the former once weekly service by surface transport. It is important to maintain an even flow in the posting of your correspondence throughout the week. Do not save it up for the weekly mail days, as hitherto, but post it as soon as it is ready.

POSTING

The surcharged air mail service for the countries mentioned has now ceased. It is no longer necessary to affix air mail labels to your letters and postcards for these countries or to make any other marking to indicate air transmission. Do not post your correspondence for these countries in the blue air mail boxes, or it may be delayed. The blue boxes are intended for surcharged air mails.

**POST, WHEN READY, ANY DAY
IN THE ORDINARY LETTER BOXES.**
