AIR MAIL SERVICE BETWEEN ENGLAND AND BELGIUM.

The Postmaster General announces that, beginning on Monday, the 19th instant, there will be a despatch of Mails by aeroplane between London and Brussels every week-day. For the present the outward Mail will be despatched from the Cricklewood Aerodrome at about 2.30 p.m., and will be due at the Brussels Post Office at about 5.30 p.m. In the homeward direction a Mail will be despatched every week-day, leaving Brussels at 10 a.m., and reaching the

London Post Office about 1.30 p.m.

The Air Mail fee has been fixed at the low rate of 2d. per oz. and there will be unrestricted facilities for posting. Correspondence for Brussels posted in London should normally be delivered on the same evening without express delivery, and correspondence for other places in Belgium by first post on the following morning. Thus a letter for Brussels sent by the Air Service will be delivered at least 12 hours earlier than if it were sent by the ordinary afternoon Mail from London; and a letter for a place in Belgium some distance from Brussels, which would not reach Brussels by the ordinary service in time to fall into the onward Night Mails from Brussels, will be appreciably accelerated by use of the Air Service. By the use of the afternoon Air Mail Service from London and the morning Air Mail Service from Brussels it will be possible for a correspondent in London to obtain a reply from Brussels in about 24 hours. Moreover, the Service will be available for the transmission by air as far as Brussels of correspondence addressed to Germany and Countries beyond, which will normally be accelerated by 24 hours. Letters addressed to Cologne will be delivered by first post on the morning after despatch from London.

Letters from the Provinces posted overnight for despatch by Air Mail to Brussels on the following afternoon will normally be delivered in Brussels in the evening, whereas if sent by the ordinary Mail Service they would not be delivered until the morning after despatch from London. It will not however, be possible, except in a few cases, to post letters in the Provinces in business hours in time for despatch on the same day by Air Mail to Brussels.

Correspondence sent from Brussels by the morning Air Mail will normally be delivered in London on the same

afternoon, and in the Provinces on the same evening or the following morning.

Every class of correspondence, registered and unregistered, except parcels and insured packets, may be sent. Packets will be accepted for ordinary as well as for express delivery. They may be posted, if intended for registration, at any Post Office or, if unregistered, in any public posting box.

Every air mail packet must be prominently marked in the top left-hand corner of the cover with the words "AIR

MAIL," or, if express delivery is desired, "AIR MAIL EXPRESS."

The fees shown below must be prepaid by means of postage stamps affixed to the cover in the ordinary way:

(1) Ordinary Foreign postage, and registration fee (where payable);

(2) An Air Mail fee of 2d. per oz.

(3) An express fee of 6d. per packet when express delivery is required.

The latest time of posting will be as follows:-

France-Morocco Air Mail Service.

Arrangements have been made whereby the senders of letters for Morocco may prepay them for onward transmission from France by the French Air Mail which leaves Toulouse on Tuesday and Saturday mornings in each week, and is due at Rabat (Morocco) on the afternoon of the following day. To secure connexion letters should be posted in this Country (a) in the Provinces on Sundays and Thursdays in time for the Night Mails for London, (b) in London on those days up till the latest night collection. They may be posted in the ordinary way.

All classes of correspondence are admissible with the exception of parcels, insured letters and cash on delivery packets.
